Location:	Limassol - EPISKOPI	Internal Area:	75 m ²
Bedrooms:	2	Bathrooms:	1
Renovation:	Modern	Energy class:	A
VAT:	+ VAT	Covered verandas, 6 m²:	

Property features:

Telephone Line	Double Glazing	Parking	Balcony
----------------	----------------	---------	---------

Description:

The project has very easy access to and from the new road and is conveniently close to services.

As you will see in the plans, due to the shape of the plot, which is almost a 180-degree opening, there are registered green spaces in front and to the right.

It is energy-efficient with a rating of A, with provisions for photovoltaic systems and HPL cladding.

It will have 4 vehicle entrances and exits, video intercom systems in each apartment, and provisions for an electric car charger in each parking space.

The kitchens will have techno-granite countertops, thermally insulated aluminum, high-quality materials, and the buyer will have the option to choose ceramics/woodwork.

The project has already begun, and we are currently at the second-floor slab stage.

PRICE from 220 000 + VAT
